

# Privacy Policy The Share Council

v2.1.0 — June, 2020

The Share Council is a web application developed by The Share Holding B.V. In this Privacy Policy, we try to explain as clearly as possible how we handle personal data.

*Note: Until december 2019 The Share Council was still operating under the name STEM, which is the reason that the domain name of the main platform is still pro.stemapp.io and why the name STEM does appear in the application structure.*

## Cookies

The platform itself uses two cookies. The following table shows which cookies we use and why.

Name	Reason
stem_session	Keeping track of a user's session
XSRF-TOKEN	Security

## External APIs

The platform uses external APIs for the token transactions. The following table shows which APIs we use and why.

Name	Reason
Stellar API	Token transactions on Stellar's blockchain
Mailgun	To send emails
Unsplash	To create company logo placeholders

## Personal data

In addition to using external APIs we also save data locally to ensure the platform functions properly. The following table shows which personal data we may store.

Company name and (financial) details
Credit Card details
Email address
First name
Last name
Address details
Profile picture
Activity logs

## Your rights

You have the right to request correction of your personal data. Your organization or team administrator has the ability to correct your personal data. You also have the right to ask The Share Holding B.V. to access, rectify or delete your personal data.
